WELCOME TO APPLETON MANOR

Located on the outskirts of Stockport in the town of Bredbury, Appleton Manor is a purpose-built care home providing nursing and residential care for those living with dementia.

Offering a warm and homely environment, we pride ourselves on offering a loving and caring home where residents are supported around the clock.

Our highly trained team offer personalised care that prioritises residents' health, dignity, and independence in a kind and welcoming atmosphere. Personal care plans are built around residents' medical, personal, and dietary needs as well as preferences, interests, and suggestions from friends and family.

LIFE AT APPLETON MANOR

Residents enjoy a daily calendar of activities and events, both within the home and in the local community, including a variety of activities, performances from local entertainers. Whether in our sun lounge, landscaped garden, or one of our ambient dining areas and social lounges, our residents have plenty of options for relaxing and socialising.

We make sure to mark special occasions with celebratory meals, from birthdays to National Days Day and more. Combined with our daily bustle and ambient music, our dining room is always a happy and rewarding space for residents to enjoy nutritious and delicious meals.

Appleton Manor is a home away from home where every resident is treated with care and compassion.
